

New Jersey Perfin

Illustrated below is a pattern that is not included in *The Catalog of United States Perfins*, Balough, 1979. It was reported in *Additions and Corrections #4*, Harry Rickard Ed., 1987. The perfin is pattern N97.5. I found it interesting because of the relatively recent usage. The perfin

came to me with the original gum on the back from a "friend of a friend" via Florida. It was reported to have been used by the "New Jersey college/university system. The stamp is unusual for a perfin because it is a commemorative - the 1989 A. Philip Randolph issue from the Black Heritage series.
